📍 Ahmedabad

SUMMARY

Seeking a summer internship in SDE or Web Development roles to enhance technical skills and explore IT career opportunities.

EXPERIENCE

Web Developer Intern

DTX Services

📅 07/2022 - 09/2022 📍 Ahmedabad

- Experience in developing webpages with CSS and Bootstrap to achieve responsive and visually appealing layouts.
- Integrating APIs into the frontend to enhance website functionality and user experience.
- Developing WordPress-based websites that combine design skills with technical expertise.

ACADEMIC PROJECT

Ecommerce store

I developed a complete e-commerce website with Angular, integrating APIs for streamlined product management and enhancing user interaction.

Chat Application

Create a Java-based Android chat application using Firebase database For real-time communication

Blockchain application

Developed a React.js blockchain application connected to the Ethereum network through Meta Mask. Additionally, I authored Solidity smart contracts on the Ethereum blockchain.
